

Implementation of Western and Northern Canadian Protocol (WNCP)

The implementation schedule for Mathematics K-12 based on the WNCP Common Curriculum Framework (CCF) for K-9 and 10-12 within BC will remain the same as previously stated:

2007	K-7 (optional)
2008	K,1,4,7 (full) and 2,3,5,6,8 (optional)
2009	2,5,8 (full) and 3,6,9 (optional)
2010	3,6,9,10 (full)
2011	11 (full)
2012	12 (full)

British Columbia Mathematics K -7 Curriculum:

The Mathematics K-7 (2007) IRP was completed last school year for optional implementation in the 2007/2008 school year. This document can be accessed at:

<http://www.bced.gov.bc.ca/irp/mathk72007.pdf> The 1995 nIRP will be available on-line as well until June 2009 for those teachers who choose to not follow the optional implementation schedule. Translation of the French version of this IRP is currently in progress and will be posted as soon as it is available.

British Columbia Mathematics 8-9 Curriculum:

The Mathematics 8 and 9 (2008) IRP, based on the WNCP CCF for K-9 Mathematics, has been sent to the Minister's office for sign off. This IRP does not include a classroom assessment model. It is anticipated that this IRP will be available by June 2008. Teachers who wish to start planning for optional implementation of grade 8 mathematics are encouraged to use the learning outcomes and achievement indicators within the WNCP CCF for K-9 Mathematics which can be found on-line at:

<http://www.wncp.ca/math/ccfkto9.pdf> (English) or
<http://www.wncp.ca/math/ccfkto9fr.pdf> (French).

WNCP CCF for 10-12 Mathematics:

The WNCP CCF for 10-12 Mathematics in both English (<http://www.wncp.ca/math/math10to12.pdf>) and French (http://www.education.gov.ab.ca/french/poc/Math/Math10-12/Math10_12_ja08.pdf) were posted to the WNCP web site in January 2008. It is the intention of the BC Ministry of Education to adopt the learning outcomes and achievement indicators within the CCF for 10-12 Mathematics for implementation within BC starting in 2010.

WNCP K-9 Mathematics Resources:

The WNCP has completed review of English resources for grades 2, 5 and 8 and the results of this review have been posted on-line. The review for grades 3, 6 and 9 resources is scheduled for January 2009. Please check the WNCP web site at www.wncp.ca for the latest information on K-9 resources.

WNCP 10-12 Mathematics Resources:

WNCP partner jurisdictions have issued a Call for Proposals for grades 10-12 to obtain resources for the 2010-2012 implementation timelines. See www.wncp.ca for more details.
